ATTEND THE CHURCH OF YOUR CHOICE

These are the products of man's labor-and God's. From the moment the seedlings were placed in the warm earth, they have been under constant First came the rain and the sun-and then the ceaseless work of fertilizing, cultivating, and spraying. Last, came harvest time, when the proud growers gathered the rewards of their labor. Only by such diligence can we hope for a truly bountiful crop. God has given the refreshing rain and warm sunshine, but He expects us to

do our part. And so it is with the care and cultivation of our spiritual lives. Man is endowed with many talents and qualities, but unless he tends and nurtures these gifts, they will not increase and grow. Harvest time in the life of every person is at maturity, when men are at the peak of their usefulness and wisdom. By attending the services of the Church and by studying the Scriptures, we will realize greater happiness and contentment

here on earth-and will be preparing ourselves for the RICH HARVEST of a life hereafter.
